1. Overview of Nexarion Sports Complex

Nexarion Sports Complex (NSC) is a privately operated, multi-discipline athletic facility located at 47 Kestrel Park Boulevard in Thornvale, Wyoming. The complex was purpose-built to provide elite-grade sports infrastructure to recreational, amateur, and semi-professional athletes alike. NSC operates seven days a week and is staffed by 112 full-time employees, 34 part-time coaches, and 9 licensed physiotherapists. The complex holds a Diamond-Tier certification from the National Athletic Facilities Standards Board (NAFSB), a distinction awarded to fewer than 60 facilities in the United States.

- All members and guests must carry their NSC RFID card or have the NSC Mobile App active on their device at all times while on premises. Access gates require tap-in at each zone entry point.
- Abusive, threatening, or discriminatory language or behaviour toward staff or other members will result in immediate removal and potential permanent ban, at the sole discretion of the Facility Manager.
- Smoking (including vaping and e-cigarettes) is prohibited throughout the entire NSC campus, including the outdoor terraces and parking structures. A designated smoking zone is located at the south-east corner of the external perimeter fence, minimum 15 m from any building entrance.

- Indoor-only training shoes must be worn on all court surfaces in Zones B and D. Outdoor shoes on indoor courts result in a warning (first offence) and court access suspension (second offence within 12 months).
- Swimwear is mandatory in Zone A. Board shorts are permitted in the Recreational Pool only; they are not permitted in the Olympic Training Pool (competitive swimwear required). Swim caps are mandatory in the Olympic Training Pool.
- All members must shower before entering any pool. Shower facilities are located in the locker rooms adjacent to Zone A.
- Workout attire must be clean. Members who arrive in visibly soiled clothing may be asked to change.
- Strong fragrance products (cologne, perfume) should not be worn in exercise areas as a courtesy to members with sensitivities.

5.3 Equipment Use & Etiquette

- The Hydrotherapy Pool is a quiet zone. Loud conversation, music (without earphones), and mobile phone use are not permitted.
- Maximum occupancy rules are strictly enforced by the on-duty lifeguard team. Refusal to exit an overcrowded area when directed will result in loss of Zone A access for the day.

- AED units are located at: Main Lobby (post M-1), Aquatic Center deck (post A-1 and A-2), Fitness Center Level 1 (post C-1), Zone G Arena entrance (post G-1), and Zone I Climbing Center entrance (post I-1). All AEDs are Philips HeartStart FRx units, inspected monthly.

- Staff trained in CPR/AED/First Aid: 100% of front-line staff, re-certified annually through NSC's contracted training provider (St. John Ambulance — Thornvale Chapter).

9.2 Evacuation

- Upon alarm activation, proceed immediately to the nearest marked exit and assemble at the designated muster point: Surface Parking Lot B (north end) for the Main Building, and the grass verge opposite Zone H Gate 2 for outdoor zones.
- Do not use elevators during an emergency evacuation.
- NSC conducts a full evacuation drill twice per year (March and September). Member participation is encouraged.
